6 February 2018

Dear Parents/Carers

We are holding a Maths Week in school on Monday 19 February. During that week the children will be taking part in a range of mathematical activities and challenges. At Forest School, there will be lots of outdoor maths to encourage problem solving and teamwork.

To start off the week we would like to celebrate 100 school days that will have already occurred at the start of February. Please can you collect together some objects that represent the number 10 if your child is in Nursery and 20 if your child is in Reception.

Ideas could range from 10 or 20 items in a small bag, a sock with 10 or 20 stripes, a picture with 10 or 20 fish on it. The list is endless. We would like you to work with your child to be creative and we look forward to seeing what you do.

Please bring your items to school on Monday 19 February, clearly labelled with your child's name and class.

This will end with a non-uniform day on Friday 23 February. We would like children to come to school dressed in something Maths related. It could be numbers drawn on a t-shirt or even their faces painted as a clock. There are some non-sewing ideas on the following website:
www.theschoolrun.com/no-sew-mathematical-costumes-for-maths-week

Thank you for your support

Mrs Waters
